Short Guide to Vandalism

There are 4 ways to view vandal protection:

1) Buy the most expensive vandal resistant product (like Digital Diamond or porcelain enamel)

Pros- beautiful, resistant to most forms of vandalism

Cons- expensive, still vulnerable to serious attacks

2) Buy the least expensive product (like Tiger Print)

Pros- cheap to replace

Cons- can be damaged more easily

3) Use a sacrificial polycarbonate facial (for high vandalism areas)

Pros- sign is protected, only an inexpensive cover gets rep

Cons- not beautiful, can get fogging

4) Buy a mid-range product (like Tiger Embedded)

Pros- beautiful, shallow cuts can be polished out

Cons- vulnerable to serious attacks
